

# Finding a place to build

So, you're new, and you want to find a piece of (roughly) untouched, pristine land for you to explore and build around?

Great! [Pop open the menu](#) and select the random teleport item, or type /rtp into the chat. After 5 seconds, you'll be teleported to a random location surrounding Channelside. You'll automatically be placed outside of [any existing towns, should you run into one](#).
